

Certificate of Analysis

Product Name: Phosphatase Inhibitor Cocktail III (100× in DMSO)

Catalog Number: HY-K0023

Kit Components and Concentration:

Ingredient	Concentration
(-)-p-Bromotetramisole oxalate	2.5 mM
Cantharidin	500 μM
Calyculin A	1 μM

Stability: -20°C 1 years
2-8°C 2 months

Physical Description: Solutions containing 3 components in DMSO

Caution: Product has not been fully validated for medical applications. For research use only.
